

THE INTELLIGENCER.  
LOCAL MATTERS.

BRIEF MENTION.

We learn that the collection of taxes will commence about the 12th of this month. The books will be delivered to the Treasurer at that time, and he will open them immediately and give official notice of his having commenced the collection.

Rev. Edwin A. Bolles, District Superintendent American Bible Society for South Carolina, will preach in the Baptist Church, Belton, S. C., on Sunday morning next, 9th inst., at eleven o'clock. After the sermon, a Bible Society will be organized.

See the advertisement of J. S. Ashley in which he announces a supply of fruits and confectioneries. He has removed to the spacious house formerly occupied by Maj. A. R. Broyles on the square, where he has opened the Centennial Boarding House, and solicits permanent and transient boarders.

Messrs. Brown & Benson advertise the celebrated water elevator for which they own the patent right for this State. It claims a very decided improvement over any other plan for drawing water, and has received the hearty commendation of those who have tried it. Read their advertisement in this paper.

The National Bank of Anderson has declared the usual semi-annual dividend of five per cent., besides increasing surplus fund two per cent. and applying two per cent. or one thousand dollars to the reduction of premium on United States bonds. This is equivalent to a net profit of nine per cent. for six months.

Messrs. Arnstein & Rose announce that they will sell at greatly reduced prices to make room for their spring and summer stock of goods. These gentlemen have evinced much business skill and energy, and have met with deserved success. Persons wishing to avail themselves of their low prices would do well to call at an early day.

Attention is directed to the advertisement of Messrs. Gilreath & Peoples, who are carrying on a general business in tin-ware at this place. They also have a large number of the most approved cooking and heating stoves, and will buy rags and cotton. Their wagon is traveling through the County, and our citizens can supply themselves from it or directly from their store. We bespeak for them a liberal patronage.

The County Commissioners have unanimously agreed to relieve Mr. B. D. Dean, our County Treasurer, of attending at the various places designated for our County, on account of the unsettled condition of things and the danger of robbery. Application has been made to the Executive Department to approve this action of the Commissioners. It would occasion some inconvenience, but is no doubt the safer and wiser course to be pursued at this time.

The schedule on the G. & C. R. R. has again been changed. There is no change in the morning train above Belton, but the down train arrives at stations below Belton about half hour later than by the former schedule. The up train arrives at stations just ten minutes later than before. The change in the morning is to allow time for breakfast at Belton, which is a good arrangement, and will be very convenient for the traveling public.

Mr. Preston C. Fant died at his residence in Anderson on Saturday last, after a long and painful illness. Mr. Fant was a quiet citizen who had the friendship and respect of his neighbors. He bore his suffering with great resignation, and died as calmly as if death were only going to sleep. Mr. Fant was about thirty years of age, and leaves a little orphan son of about six years. His funeral services were conducted in the Baptist church on last Sabbath afternoon by Rev. J. S. Murray, and were attended by a large number of our citizens who were present to pay this last mark of respect to the departed.

On last Saturday night four negroes waylaid the road for Mr. A. Reed Campbell, a merchant of Belton, who resides some two miles from the village. The supposition is that they waited some time for him and as Mr. Nicely passed along the road they stepped out and asked where Mr. Campbell was. When told that he had gone home they went back into the woods, after discharging a pistol. Shortly after that two colored men went to his house and asked for him. He was, however, not at home, as he had left the house early that evening and gone some miles distant for the night. It is generally supposed that they intended robbery, and were disappointed. Persons traveling, especially about dark or in the night time, would do well to beware of the suspicious parties now prowling through the country. Men who carry money in any quantity about them are liable to be robbed or murdered.

MURDER, ROBBERY AND ASSAULT.—One of the most horrible tragedies it has ever been our lot to record occurred in Newberry County on the night of the 24th December. The store of Messrs. Holloway & Reid, at Pomaria, was burned to the ground, and it was afterwards discovered that Mr. Hayne D. Reid, one of the partners, was brutally murdered, and after the fire had partially subsided his charred remains were discovered in the ruins. Besides, it was ascertained that the safe had been robbed of \$3,000 in currency, together with gold and silver coin to the amount of \$80; also, a fine double-case gold watch, the private property of the deceased, was taken from his person, with other valuables. The total loss in money and goods was not less than \$10,000, on which there was no insurance. This triple crime of murder, robbery and arson was committed by four negroes, who were arrested a few days afterwards by Detectives Canton and Hubbard, and one of them has confessed that Mr. Reid was murdered by them before the store was fired or robbed. The fire was discovered in the early part of the night, and all efforts to save the building proved futile.

The names of the parties arrested are W. R. Thompson, Henry T. Williams, Wade Cooke and Calvin Wilson. A large amount of the stolen goods was found on the premises of Thompson, who is an old offender, and well known to the people of Anderson. He was convicted of horse stealing some time before Judge J. S. Murray, of the District Court, and was sentenced to the penitentiary for twenty years, from which he was pardoned upon a forged petition, containing the names of Mr. Murray and many other prominent citizens of Anderson. On his way to the penitentiary, while under charge of John R. Cochran, he made his escape and was afterwards recaptured. If we are not mistaken, he was again sent to the penitentiary for the crime of burglary in Barnwell County, and was pardoned out by Ex-Gov. Moses. He is a villain of the deepest dye, and Judge Lynch ought to administer justice in his case without delay.

We are glad to state that the money, watch and other valuables were recovered from an adjacent lot, where these murderers and robbers had deposited their booty under ground for safe-keeping. The surviving member of the firm, Mr. Thomas W. Holloway, has our sympathies in this frightful calamity. His late partner is spoken of as a young man of excellent character, and his terrible fate is a great shock to numerous friends in the State.

POMONA GRANGE.

The organization of a Pomona Grange for Anderson County was perfected on Saturday last, in accordance with previous announcement. The representatives of subordinate Granges met in Temperance Hall, and the meeting was called to order by R. W. Simpson, Esq., when the delegates proceeded to the election of officers for the ensuing year, which resulted in the choice of the following, viz: R. W. Simpson, Worthy Master; Dr. W. L. Broyles, Overseer; W. W. Russell, Lecturer; J. W. Prevost, Steward; P. R. Brown, Assistant Steward; W. T. McGill, Chaplain; T. B. Lee, Treasurer; J. W. Norris, Secretary; A. B. Bowden, Gate Keeper; Mrs. W. L. Broyles, Ceres; Mrs. Anna Darriott, Pomona; Miss Bessie McLean, Flora; Mrs. J. W. Prevost, Lady Assistant Steward.

A Pomona Grange was previously organized by the officers elect, and the Fifth Degree conferred on those not having heretofore received it. Twenty-four subordinate Granges were represented, and about thirty-five Masters, Past Masters and delegates were present.

Various items of business were discussed and disposed of in a deliberative manner, and several standing committees were appointed. A resolution was adopted tendering the thanks of the Pomona Grange to the Sons of Temperance for the use of their handsome hall. Adjourned to meet on the first Saturday in April next at this place at 11 o'clock a. m.

DELEGATES TO KNOXVILLE.

The committee appointed by the mass meeting held in this place on Saturday last to select delegates to attend the Railroad Convention which meets in Knoxville on the 20th inst. have designated the following gentlemen to represent Anderson County. We trust that the delegates appointed will make an earnest effort to attend the proposed meeting, for it is highly important that the citizens of Anderson should be represented in any scheme for the resuscitation of the Blue Ridge Railroad, and we look forward to the deliberations at Knoxville as likely to initiate a program for the speedy resumption of actual work upon this great enterprise. The delegates named by the committee are as follows:

W. H. D. Gaillard, John B. Sisson, Dr. W. C. Brown, Jesse W. Norris, B. F. Whitner, E. M. Rucker, Joseph N. Brown, W. S. Sharpe, Thos. B. Lee, O. H. P. Fant, James A. Gray, John B. Moore, Dr. W. L. Broyles, John M. Glenn and C. S. Mattison.

An effort will be made to secure transportation over the various railroads at least for half fare, which we trust will prove successful.

For the Anderson Intelligencer.

We endorse the suggestions made by "Democrat" in your last issue. If we are to be freed from the oppressor we must go to work, and to a man do our duty. To this end we call on Broadway Township to meet at Neal's Creek church on Saturday, the 29th inst., at 10 o'clock a. m., to re-organize our Democratic Club for our township, and to send up our delegates, as suggested by "Democrat," to elect County Chairman and Executive Committee for the County, and we ask that all the townships shall meet us in this good work to rid ourselves of the oppressor.

BROADWAY TOWNSHIP.

For the Anderson Intelligencer.

Messrs. Editors.—We are much pleased with the communication in your last issue signed "Democrat." We endorse him throughout, and do hereby call upon all Democrats of our township to meet at Fox Rock church on Saturday, the 29th of January next, at 11 o'clock a. m., to re-organize our Democratic Club, and elect a time during the existence of this government when our portion of her citizens were oppressed as we are. And were there ever an occasion greater than ours to cause a people to unite to a man to rid themselves of a despotism unknown to any people beyond the borders of our State? "Eternal vigilance is the price of liberty." Let all the townships organize and send up their delegates, as suggested by "Democrat," elect our County Chairman and Executive Board, and go to work, as we are determined to win.

VARENNES.

For the Anderson Intelligencer.

The Democrats of the Dark Corner Township are respectfully requested to meet at Moffattville (Shaw's store) on Saturday, the 29th day of January next, for the purpose of re-organizing the Democratic Club of the Corner, in accordance with the suggestion made over the signature of "Democrat" in the last issue of the Intelligencer. Now is the time to organize and to develop our forces to meet the enemy, who are the thieves, rogues and public plunderers, in the coming election, and if we do it with the determination that should characterize us as a people, sorely oppressed by vindictive ignorance, victory will attend us, and we shall be freed from that degradation as a people and State, that has been unknown to any portion of the American Republic since the foundation of the government.

The plan of organization suggested by "Democrat," is, in our opinion, the best one, and we hope that the townships will all organize the Clubs, send up delegates to elect a County Chairman and Executive Committee, as suggested, on Saturday in February next, to the end that an early nomination may be made by the Democratic party of the County.

DARK CORNER.

BELETON, S. C., Jan. 3, 1876.

Messrs. Editors: Your space does not admit of our moralizing over the exit of the old year and the advent of the new. To the reflective mind profitable lessons will readily suggest themselves; the unreflective would not appreciate them if presented. Christmas at Belton has been a joyous time; the more so because young and old joined in innocent pastimes, and good order and almost perfect sobriety prevailed. Santa Claus made his traditional visit to the entire delight of the children who delight in toys, fire-works and sweetmeats, while appropriate amusements afforded to the older folk a grateful relaxation from the duties of life. On Christmas day the Rev. Robert King preached an appropriate sermon to an appreciative audience. The invisibles from Home's Path, Xmas's Creek and Bevanston joined with those from Belton in a fancy ride, and at night our amateur minstrels gave a very creditable performance in Stringer's Hall. On the night of the 28th the charades opened in the same hall, and although the weather was horrible, a very good audience was present. After an opening piece by the company, Warren D. Wilkes, Esq., according to previous announcement, delivered a temperance lecture, which was well received. He treated the subject in a three-fold aspect—to himself, to God and to society. After his lecture was concluded, the young gentlemen and ladies gave a series of charades, which were quite laughable and entertaining. On Thursday night, the 29th, the fair for the benefit of the Sons of Temperance and of the Baptist Church, was opened in Stringer's Hall, which was draped with evergreens and conveniently arranged with post office and tables for eatables and fancy articles. The attendance of old and young was large, and the arrangements complete. Running the entire length of the hall tables were spread, loaded with viands which drew out the currency bountifully. The fair was a complete success, resulting in a handsome sum, which will enable the Sons to fix up their hall, and enable the church to purchase a bell. The spirit of the visitors was excellent and all seemed to enjoy it.

And now we have entered upon the New Year, not knowing what betides us. We hope it may be a prosperous year, but at the threshold our people are met with heavy taxes and large indebtedness and small resources to pay with. How our farmers who are dependent upon the merchants for supplies to raise another crop are to get along, we do not very clearly perceive. Then, too, our people are out of heart about our State government. No retraction, no reform, and, to make the matter worse, Whipper, Moses and Wiggins elevated to the Bench, and the party and color line clearly defined. Among honest men, by whatever party name they may be called, there can be no difference of opinion, and among such there should be prompt and unified organization and action.

Prepare for Winter.

Don't let the cold winds of winter find your windows without sashes, or good whole doors, but have them fitted at once from the manufactory of Mr. P. P. TOALIE, and ask him of the value or worthlessness of an article is established by its verdict. A verdict has recently been rendered by a jury composed of the best men taken from every country of the globe; the evidence was clear and impartial, and thousands of witnesses gave their testimony. The trial was a long one, occupying ten years, and the jury have almost brought in a verdict which was, "That Dr. CURE'S PILLS possess greater power over disease than any medicine invented since the foundation of the world." It is pronounced by all a righteous verdict.

Remember This.

Now is the time of the year for Pneumonia Lung Fever, Coughs, Colds, and fatal results of predisposition to Consumption and other Throat and Lung Disease. Boscawen's Great Syrup has been used in this neighborhood for the past two or three years without a single failure to cure. If you have not used this medicine yourself, go to your Druggist, Wilkie & Williams, and ask him of its wonderful success among his customers. Two doses will relieve the worst case. If you have no faith in any medicine, just buy a Sample Bottle of Boscawen's Great Syrup for 10 cents and try it. Regular size Bottle 75 cents. Don't neglect a cough to save 75 cents.

The Verdict.

A jury is supposed to represent fairly the general intelligence of the community from which it is taken. The guilt or innocence of a party, the value or worthlessness of an article is established by its verdict. A verdict has recently been rendered by a jury composed of the best men taken from every country of the globe; the evidence was clear and impartial, and thousands of witnesses gave their testimony.
